

Mark Williams is the Environmental Manager of Luck Companies, an aggregates producer based in Richmond, Virginia. Luck Stone, founded in 1923, is the nation's largest family owned and operated aggregates company and has 21 active mining operations throughout the southeast, from Virginia to Georgia. Mr. Williams received his BS in Biology from Randolph-Macon College (Ashland, VA) and has been working in the environmental field for over 35 years. He is a Virginia Certified Wetlands Professional Delineator, and has been active in laboratory testing, field monitoring, and permit compliance, as well as performing wetlands delineations according to the 1987 Corps of Engineers Wetlands Manual.
